ARphymedes Teachers' Training Programme!

We are pleased to tell you about the **teacher's training programme**, that took place in Slovakia and Slovenia. The aim of the teacher training programme is that to provide teachers practical guidelines on how to use the **educational toolkit** in a class environment, as well as in vocational training.

What were the highlights?

The **teacher's training programme** is part of intellectual output 4 (**IO4**). One of the objectives of IO4 is, in fact, the implementation of an appropriate teacher training programme in line with current needs and challenges and in support of the effective implementation of the student book (IO1) with AR application (IO3) and the teacher book (IO2) developed in the previous intellectual outputs.

The teachers' training programme are developed in line with the European lifelong learning instruments for teachers.

What's next?

The next step will be the **ARphymedes Final Conference**, which will take place on June 28-29 in Trnava (Slovakia). It will be the occasion for all partners to meet, promote the project outputs and collect feedback.

Important news will soon be available!

Stay tuned for more information and news!
